

Place	Total Power MW	Description	SINT Technology Client	Year	Activities by SINT
Hassi R'Mel (Algeria)	6x30	Gas turbine driven centrifugal compressor train	GE O&G - Nuovo Pignone	2010	Performance test
Valona (Albania)	100	Combined cycle steam and gas 1 GT + 1 ST	Tecnimont	2010	Correction curve simulation, supply instrumentation plant and main components performance test
Khursanyah (Arabia Saudita)	2x10	Moto compressor train	GE O&G - Nuovo Pignone	2010	Performance test
Porto Coronel (Cile)	400	Coal fired power plant	Tecnimont	2010	Test procedure and model preparation
Mellitah (Libya)	1x30	Gas turbine driven centrifugal compressor train	GE O&G - Nuovo Pignone	2010	Test procedure and performance test
Khursanyah (Arabia Saudita)	2x13	Moto compressor train	GE O&G - Nuovo Pignone	2010	Performance test
Darquain (Iran)	2x15	Moto compression three phases train	Renco	2010	Performance test
Habshan (Emirati Arabi)	2x30	Gas turbine driven centrifugal compressor train	GE O&G - Nuovo Pignone	2010	Performance test
Khursanyah (Arabia Saudita)	2x13	Moto compressor train	GE O&G - Nuovo Pignone	2010	Performance test
Malzenice (Slovacchia)	1 HRSG	Combined cycle power plant	STF for Siemens	2010	Supply instrumentation and performance test
Gonyu (Ungheria)	1 HRSG	Combined cycle power plant	STF for Siemens	2010	Supply instrumentation and performance test
Mongstad (Norvegia)	1x30	Steam turbine generator	GE O&G - Nuovo Pignone	2010	Performance test
Nubaria (Egitto)	2 HRSG	Combined cycle power plant	STF	2010	Supply instrumentation and performance test
Habshan (Emirati Arabi)	2x15	Steam turbine driven centrifugal compressor train	GE O&G - Nuovo Pignone	2010	Performance test
Bintulu LNG (Malaysia)	60	Gas turbine propane compression train	GE O&G - Nuovo Pignone	2010	Performance test
Bintulu LNG (Malaysia)	75	Gas turbine mixed refrigerant compression train	GE O&G - Nuovo Pignone	2010	Performance test
Thailand	2x40	Gas turbine Generator Set fuel gas with steam injection	GE O&G - Nuovo Pignone	2010	Performance test
Tin Fouye Tabankort (Algeria)	2x30	Gas turbine driven centrifugal compressor train	GE O&G - Nuovo Pignone	2010	Performance test
Bir Rebaa Nord (Algeria)	1x0.4	Moto compressor train	GE O&G - Nuovo Pignone	2010	Performance test

Place	Total Power MW	Description	SINT Technology Client	Year	Activities by SINT
Hassi R'Mel (Algeria)	2x30	Gas turbine driven centrifugal compressor train	GE O&G - Nuovo Pignone	2009	Performance test
Beregdaroc (Hungary)	3x10	Gas turbine driven centrifugal compressors	GE O&G - Nuovo Pignone	2009	Performance test (3 units)
Sbeitla (Tunisia)	3x22	Gas turbine driven centrifugal compressors	GE O&G - Nuovo Pignone	2009	Performance tests (3 units)
Messina (Italy)	22	Gas turbine driven centrifugal compressor	GE O&G - Nuovo Pignone	2009	Performance test
Austria	3x22	Gas turbine driven centrifugal compressors	GE O&G - Nuovo Pignone	2009	Performance tests (3 units)
Hofuf (Saudi Arabia)	40	Gas turbine Generator Set fuel oil with water injection	GE O&G - Nuovo Pignone	2009	Performance test
Mittelbrun (Germany)	1.5	Centrifugal compressor	GE O&G - Nuovo Pignone	2009	Performance test
Indonesia	80x2	Gas turbine driven LNG compressor trains	GE O&G - Nuovo Pignone	2009	Performance test
Saint Jaquin (Venezuela)	26	Gas turbine generator set	GE O&G - Nuovo Pignone	2009	Performance test pre scheduled inspection
Irshing (Germany)	280	Heat recovery steam generator	STF	2009	Performance test
El Gamil (Egypt)	11	Gas turbine generator set	GE O&G - Nuovo Pignone	2009	Performance test
Taranto (Italy)	180	Syngas combined cycle power plant - Module 2	GE O&G - Nuovo Pignone	2009	Plant Performance test
Tarragona (Spain)	4.5	Steam turbine driven centrifugal compressor	GE O&G - Nuovo Pignone	2009	Performance test
Khorba (Tunisia)	3x22	Gas turbine driven centrifugal compressor	GE O&G - Nuovo Pignone	2009	Performance test, including exhaust gas emissions and noise (3 units)
Bucarest (Romania)	4.9	Motor drive centrifugal compressor	Technofrigo	2009	Performance test
Taranto (Italy)	180	Syngas combined cycle power plant - Module 2	GE O&G - Nuovo Pignone	2009	Plant Performance test
Forli (Italy)	12	Cogeneration power plant	Hera group	2009	Performance test of turbogenerator
Sbeitla (Tunisia)	3x30	Gas turbine – centrifugal compressor 3 new unit	GE O&G - Nuovo Pignone	2008	Performance test of turbocompressors
Rayong (Thailand)	40	Gas turbine generators 1 unit	GE O&G - Nuovo Pignone	2008	Performance test of turbogenerator

Place	Total Power MW	Description	SINT Technology Client	Year	Activities by SINT
Capo Bon (Tunisia)	30	Gas turbine – centrifugal compressor 1 new unit	GE O&G - Nuovo Pignone	2008	Performance test of turbocompressor
Offshore (Angola)	150	Turbo-compressors and electric motor driven compressors	GE O&G - Nuovo Pignone	2008	Performance test of 4 turbo compressor section and turbogenerators
Turbigo (Italy)	800	Combined cycle steam and gas 2 GT + +2 HRSG + 1 ST	MAIRE Engineering	2008	Supply and installation of instrumentation new performance test of two boilers, and steam turbine
Livorno Ferraris	800	Combined cycle power plant	STF	2008	Performance test of two boilers, total additional instrumentation
Offshore (Angola)	120	Gas injection platform	GE O&G - Nuovo Pignone	2008	Performance test of turbogenerator and compressors
Alvin (Texas)		Lunch pig test desk	GE O&G - Nuovo Pignone	2008	Flow measurements
Ferrara (Italy)	14	Cogeneration power plant	Hera group	2008	Performance test of turbogenerator
Cape Bon (Tunisia)	3x30	Gas compression station 3 units	GE O&G - Nuovo Pignone	2008	Surge and performance test of turbocompressors
Tupras (Turkey)	40	Steam turbine power plant	GE O&G - Nuovo Pignone	2008	Performance test of turbogenerator
Taranto (Italy)	180	Syngas combined cycle power plant - Module 3	GE O&G - Nuovo Pignone	2008	Plant Performance test
Taranto (Italy)	180	Syngas combined cycle power plant - Module 1	GE O&G - Nuovo Pignone	2008	Plant Performance test
Beregovaya (Russia)	30	Turbogenerators 3 units	GE O&G - Nuovo Pignone	2007	Performance test of turbogenerator
Siracha (Thailand)	40	Gas turbine generators 1 units	GE O&G - Nuovo Pignone	2007	Performance test of turbogenerator
Simeri crichi (Italy)	800	Combined cycle steam and gas 2 GT + 2HRSG + 1 ST	Edison	2007	Performance test of two boilers and steam turbine, total additional instrumentation
Raynosa (Mexico)	60	Gas compression station 6 units	GE O&G - Nuovo Pignone	2007	Surge and performance test of turbocompressors
Capo Bon (Tunisia)	90	Gas compression station 3 units	GE O&G - Nuovo Pignone	2007	Surge and performance test of turbocompressors
Turbigo (Italy)	800	Combined cycle steam and gas 2 GT + 2HRSG + 1 ST	MAIRE Engineering	2007	Boilers and steam turbine performance test, total additional instrumentation
Algeria gas station	30	Gas compression station 1 unit	GE O&G - Nuovo Pignone	2007	Performance test of compressor train
Messina (Italy)	30	Gas compression station 1 unit	GE O&G - Nuovo Pignone	2007	Performance test of turbocompressor

Place	Total Power MW	Description	SINT Technology Client	Year	Activities by SINT
Bilbao (Spain)	45	Steam turbine cogeneration power plant from RSU	GE O&G - Nuovo Pignone	2007	Performance test of steam turbine
Berlin (El Salvador)	40	Geothermal power plant	GE O&G - Nuovo Pignone	2006	Plant model, test procedure, supply and installation of instrumentation, performance test of combined cycle power plant noise level test
Oman Sur	4	Reciprocating compressors performance test	GE O&G - Nuovo Pignone	2006	Performance test
China gas station	30	Turbocompressor 1 unit	GE O&G - Nuovo Pignone	2006	Performance test
Torviscosa (UD)	760	Combined cycle steam and gas 2 GT + 1 ST	Edison	2006	Supply and installation of instrumentation and performance test of thermal cycle and power plant overall performance evaluation
Rayong (Thailand)	80	Gas turbine generators 2 units	GE O&G - Nuovo Pignone	2006	Performance test of turbogenerators
SaiYok (Thailand)	25	Turbocompressor 1 unit	GE O&G - Nuovo Pignone	2006	Performance test of turbocompressor
Candela (SA)	400	Combined cycle steam and gas 1 GT + 1 ST	Edison	2006	Supply and installation of instrumentation and performance test of thermal cycle and power plant overall performance evaluation
Altomonte (CS)	760	Combined cycle steam and gas 2 GT + 1 ST	MAIRE Engineering	2006	Supply and installation of instrumentation and performance test of thermal cycle and power plant overall performance evaluation
Korea (Ilesosu)	30	Gas turbine generator 1 unit	GE O&G - Nuovo Pignone	2006	Performance test of turbogenerator
Kirkarelli (Turkey)	11	Steam turbine generator 1 unit	GE O&G - Nuovo Pignone	2006	Performance test of turbogenerator
Larderello (Pisa)	40	Steam turbine generator with gas extraction unit in geothermal plant 1 Unit	GE O&G - Nuovo Pignone	2006	Plant model, test procedure, supply and installation of instrumentation, performance test of combined cycle power plant noise level test
Hyderabad (India)	5	Turbocompressor 1 unit	GE O&G - Nuovo Pignone	2006	Supervision of performance test department of BHEL
Oman Sur	110	Gas turbine - compressors on LNG plant 2 units	GE O&G - Nuovo Pignone	2006	Performance test of turbocompressors
Piacenza	800	Combined cycle steam and gas 3 GT + 1 ST	MAIRE Engineering	2005	Supply and installation of instrumentation and performance test of thermal cycle and power plant overall performance evaluation
Oman Sur	2x30	Turbogenerators 2 units	GE O&G - Nuovo Pignone	2005	Performance test of turbocompressors
Elettrogrozzia Thermodyn	100	Combined cycle steam and gas 1 GT + 1 ST	Elettrogrozzia	2005	Supply and installation of instrumentation and performance test of thermal cycle and power plant overall performance evaluation
Blue Stream pipeline	6X30	Turbocompressors 6 units	GE O&G - Nuovo Pignone	2005	Performance test of turbocompressors and noise level test
Hassir' Mel SBS (Algeria)	25	Turbocompressor 1 unit	GE O&G - Nuovo Pignone	2005	Performance test of turbocompressor
Hassir' Mel SBC (Algeria)	25	Turbocompressor 1 unit	GE O&G - Nuovo Pignone	2005	Performance test of turbocompressor
Hassir' Mel SBN (Algeria)	25	Turbocompressor 1 unit	GE O&G - Nuovo Pignone	2005	Performance test of turbocompressor
Terranuova Bracciolini (AR)	25	Turbocompressor 1 unit	GE O&G - Nuovo Pignone	2005	Noise level test

Place	Total Power MW	Description	SINT Technology Client	Year	Activities by SINT
Fano (Pesaro Urbino)	10	Turbocompressor 1 unit	GE O&G - Nuovo Pignone	2005	Performance test of turbocompressor
Hassi Messaoud 4 (Algeria)	100	Turbocompressor 1 unit	GE O&G - Nuovo Pignone	2005	Performance test procedure, supply and installation of instrumentation, performance test and noise level test
Ferrara		Reciprocating compressors	GE O&G - Nuovo Pignone	2005	Measurement of inter-refrigeration flow on reciprocating compressors with ultrasonic technique
Gallese (Viterbo)	25	Turbocompressor 1 unit	GE O&G - Nuovo Pignone	2005	Performance test of turbocompressor
Cordoba (Spain)	10	Turbocompressor 1 unit	GE O&G - Nuovo Pignone	2005	Performance test of turbocompressor
Balikpapan (Indonesia)	25	Turbocompressor 1 unit	GE O&G - Nuovo Pignone	2005	Performance test of turbocompressor
Ourhoud (Algeria)	7	Centrifugal compressors with electric motor	GE O&G - Nuovo Pignone	2005	Supply and installation of instrumentation and performance test of turbocompressor with new gear-box
Moncalieri (TO)	380	Combined cycle steam and gas 1 GT + 1 ST	MAIRE Engineering	2005	Supply and installation of instrumentation and performance test of thermal cycle and power plant overall performance evaluation
Taranto	4	Centrifugal compressor	GE O&G - Nuovo Pignone	2004	Surge test on centrifugal compressor
Piattaforma (Angola)	25	Turbo-compressors and electric motor driven compressors	GE O&G - Nuovo Pignone	2004	Performance test of compressor section
Longview (USA)	20	Steam turbine generator 1 unit	GE O&G - Nuovo Pignone	2004	Performance test of turbogenerator
Modena	10	Steam turbine generator 1 unit	GE O&G - Nuovo Pignone	2004	Performance test of turbogenerator
Tarragona (Spain)	5	Turbocompressor 1 unit	GE O&G - Nuovo Pignone	2004	Supply and installation of instrumentation and performance test
Dukhan Field (Qatar)	30	Turbocompressor 1 unit	GE O&G - Nuovo Pignone	2004	Supply and installation of instrumentation and performance test
Kadanwary (Pakistan)	25	Turbocompressor 1 unit	GE O&G - Nuovo Pignone	2004	Supply and installation of instrumentation and performance test
Wafa coast (Libya)	90	Combined cycle 3 recovery units	GE O&G - Nuovo Pignone	2004	Supply and installation of instrumentation and performance test of turbounits and heat recovery units
Wafa desert (Libya)	90	Combined cycle 3 recovery units	GE O&G - Nuovo Pignone	2004	Supply and installation of instrumentation and performance test of turbounits and heat recovery units
Ourhoud (Algeria)	4	Electric motor driven centrifugal compressors for reinjection	GE O&G - Nuovo Pignone	2004	Performance test of compressors
Piombino (Livorno)	100	Turbogenerators 2 units	GE O&G - Nuovo Pignone	2004	Noise level test
Korea (Ulsan)		Centrifugal compressors	GE O&G - Nuovo Pignone	2004	Surge test on centrifugal compressor
Avenza (MS)	30	Turbogenerators for off-shore module - noise level test	GE O&G - Nuovo Pignone	2004	Noise level test
Bologna	30	Incinerating plant with RSU 1 unit	TME	2004	Performance test procedure, supply and installation of instrumentation, performance test

Place	Total Power MW	Description	SINT Technology Client	Year	Activities by SINT
Capo Bon (Tunisia)	30	Gas turbine – centrifugal compressor 1 unit	GE O&G - Nuovo Pignone	2004	Performance test of turbocompressor
Oldmouc (Czech Republic)		Screw type air compressor	GECO Tecnica	2004	Supervision to unit test
Tarsia (Cosenza)	116	Gas turbine - centrifugal compressors	GE O&G - Nuovo Pignone	2004	Noise level test
Camisea (Perù)	30	Gas turbine – centrifugal compressor 1 unit	GE O&G - Nuovo Pignone	2004	Performance test of turbocompressor
Piombino (Livorno)	100	Centrifugal compressor	GE O&G - Nuovo Pignone	2004	Surge test on centrifugal compressor
Vietnam (Phu My)	30	Gas turbine Generator 1 unit	GE O&G - Nuovo Pignone	2004	Supply and installation of instrumentation and performance test of turbogenerator
Verzuolo (Cuneo)	40	Steam turbine Generator 1 unit	General Electric	2004	Noise level test with intensimetric technique
ROMA	30	Gas turbine Generator 1 unit	GE O&G - Nuovo Pignone	2004	Supply and installation of instrumentation and performance test of turbounit and recovery unit
ROMA	4	Steam turbine generator in incinerating plant for hospital	CEFLA	2004	Supply and installation of instrumentation and performance test of steam turbine generator and boiler
Belo Horizonte (Brasil)	220	Combined cycle with gas turbine plus saturator and steam turbine 1 GT + 1 ST	Fiat Engineering	2004	Technical consultancy on plant performance
Cagliari	6	Steam turbine generator in sulphuric acid production plant 1 Unit	GE O&G - Nuovo Pignone	2004	Supply and installation of instrumentation and performance test of steam turbine generator
Duckhan Nord (Qatar)	10	Gas turbine – centrifugal compressor 1 Unit	GE O&G - Nuovo Pignone	2003	Supply and installation of instrumentation and performance test of turbocompressor
Honam (Korea)	20	Steam turbine Generator 1 unit	GE O&G - Nuovo Pignone	2003	Performance test of turbogenerator
Queretaro (Mexico)	1.2	Centrifugal compressor with electric motor 1 unit	GE O&G - Nuovo Pignone	2003	Supply and installation of instrumentation and performance test of compressor
Ourhoud (Algeria)	7	Centrifugal compressor with electric motor 1 unit	GE O&G - Nuovo Pignone	2003	Supply and installation of instrumentation and performance test of compressor
Piombino (Livorno)	50	Combined cycle steam and gas 2 GT + 1 ST	GE O&G - Nuovo Pignone	2003	Supply and installation of instrumentation and performance test of turbogenerators
Poggibonsi (Siena)	1	Steam turbine Generator 1 unit	Siena Ambiente	2003	Supply and installation of instrumentation and performance test of turbogenerator
Ampa Fairley (Brunei)	50	Heat recovery steam generator with additional firing	GE O&G - Nuovo Pignone	2003	Supply and installation of instrumentation and performance test of recovery units
Ampa Fairley (Brunei)	30	Gas turbine – centrifugal compressors 2 units	GE O&G - Nuovo Pignone	2003	Supply and installation of instrumentation and performance test of turbocompressor
Ruswil (Switzerland)	28	Combined cycle steam and gas 2 GT + 1 ST	GE O&G - Nuovo Pignone	2003	Supply and installation of instrumentation and performance test of steam turbine generator
TAYMA Saudi Arabia	50	Gas turbine - generators 2 Units	GE O&G - Nuovo Pignone	2003	Supply and installation of instrumentation and performance test of turbogenerators
La Pampilla (Perù)	10	Gas turbine - generator 2 Unit	GE O&G - Nuovo Pignone	2003	Supply and installation of instrumentation and performance test of turbogenerator

Place	Total Power MW	Description	SINT Technology Client	Year	Activities by SINT
Larderello (Pisa)	30	Steam turbine generator with gas extraction unit in geothermal plant 1 Unit	GE O&G - Nuovo Pignone	2003	Supply and installation of instrumentation and performance test of turbogenerator- condenser unit
Belo Horizonte (Brasil)	220	Combined cycle steam and gas 2 GT + 1 ST	Fiat Engineering	2003	Supply and installation of instrumentation and performance test of thermal cycle and power plant overall performance evaluation
Voghera (Pavia)	10	Cogeneration plant with reciprocating gas engines	CEFLA	2003	Supply and installation of instrumentation and performance test of compressors
Verzuolo (Cuneo)	116	Combined cycle steam and gas 2 GT + 1 ST	GE O&G - Nuovo Pignone	2002	Test procedure, supply and installation of instrumentation, performance test of combined cycle power plant - noise level test
Balan (France)	11	Gas turbine Generator 1 unit	GE O&G - Nuovo Pignone	2002	Supply and installation of instrumentation and performance test of turbogenerator
Arar (Saudi Arabia)	18	Gas turbine Generator 1 unit	GE O&G - Nuovo Pignone	2002	Supply and installation of instrumentation and performance test of turbogenerator
Pigap (Venezuela)	25	Gas turbine – centrifugal compressor 1 unit	GE O&G - Nuovo Pignone	2002	Supply and installation of instrumentation and performance test of turbocompressor
Madrid (Spain)	38	Gas turbine Generator 1 unit	GE O&G - Nuovo Pignone	2002	Supply and installation of instrumentation and performance test of turbogenerator
Sarroch (Cagliari)	551	Combined cycle steam and gas 3 Units GT + gen.+ ST	General Electric	2002	Test procedure, supply and installation of instrumentation, performance test of combined cycle power plant - noise level test emissions test
Hassi Messaoud (Algeria)	318	Gas turbine – centrifugal compressors 3 Units	GE O&G - Nuovo Pignone	2002	Test procedure, supply and installation of instrumentation, performance test of power plant - noise level test
Ruswil (Switzerland)	20	Combined cycle steam and gas 1 ST Unit	GE O&G - Nuovo Pignone	2002	Supply and installation of instrumentation and performance test of steam turbine generator
Ampa Fairley (Brunei)	25	Gas turbine generator – heat recovery unit 1 Unit	GE O&G - Nuovo Pignone	2002	Supply and installation of instrumentation and performance test of turbogenerator
Seraya (Singapore)	30	Gas turbine Generator 1 unit	GE O&G - Nuovo Pignone	2002	Supply and installation of instrumentation and performance test of turbogenerator
Ploiesti (Rumania)	30	Gas turbine Generator 1 unit	GE O&G - Nuovo Pignone	2002	Supply and installation of instrumentation and performance test of turbogenerator
Jesi (Ancona)	145	Combined cycle steam and gas 1 GT + Gen. + 1 ST 1 Unit	General Electric	2001	Test procedure, supply and installation of instrumentation, performance test of power plant - noise level test
Arches (France)	11	Gas turbine Generator 1 unit	GE O&G - Nuovo Pignone	2001	Supply and installation of instrumentation and performance test of turbogenerator
Motril (Spain)	39	Gas turbine Generator 1 unit	GE O&G - Nuovo Pignone	2001	Supply and installation of instrumentation and performance test of turbogenerator
Blendeques (France)	11	Gas turbine Generator 1 unit	GE O&G - Nuovo Pignone	2001	Supply and installation of instrumentation and performance test of turbogenerator
Valladolid (Spain)	38	Gas turbine Generator 1 unit	GE O&G - Nuovo Pignone	2001	Supply and installation of instrumentation and performance test of turbogenerator
Donges (France)	12	Gas turbine Generator 1 unit	GE O&G - Nuovo Pignone	2001	Supply and installation of instrumentation and performance test of turbogenerator
Piombino (Livorno)	108	Gas turbine – generator - centrifugal compressor 1 GT + gen + co/ce	GE O&G - Nuovo Pignone	2001	Test procedure, supply and installation of instrumentation, performance test of power plant
Alzano Lombardo (Bergamo)	49	Combined cycle steam and gas 1 GT + 1 ST	General Electric	2001	Test procedure, supply and installation of instrumentation, performance test of power plant

Place	Total Power MW	Description	SINT Technology Client	Year	Activities by SINT
Torrelavega (Spain)	39	Gas turbine Generator 1 unit	GE O&G - Nuovo Pignone	2001	Test procedure, supply and installation of instrumentation, performance test of turbogenerator
Cap Des Biches (Senegal)	50	Combined cycle steam and gas 1 GT + 1 ST	General Electric	2001	Test procedure, supply and installation of instrumentation, performance test of power plant
Zarqa (Jordan)	8	Gas turbine Generator 1 unit	GE O&G - Nuovo Pignone	2001	Test procedure, supply and installation of instrumentation, performance test of power plant
Gajano (Spain)	40	Gas turbine Generator 1 unit	GE O&G - Nuovo Pignone	2001	Test procedure, supply and installation of instrumentation, performance test of turbogenerator
Delimara (Malta)	109	Combined cycle steam and gas 2 GT + 1 ST	General Electric	2001	Test procedure, supply and installation of instrumentation, performance test of power plant
Trevi (Trento)	2	Gas turbine Generator 1 unit	GE O&G - Nuovo Pignone	2001	Test procedure, supply and installation of instrumentation, performance test of turbogenerator
Sarmato (Piacenza)	150	Combined cycle steam and gas 1 GT + 1 ST	General Electric	2000	Test procedure, supply and installation of instrumentation, performance test of power plant - noise level test
Cologno Monzese (Milano)	40	Gas turbine Generator 1 unit	General Electric	2000	Test procedure, supply and installation of instrumentation, performance test of turbogenerator
Baumgarten (Austria)	25	Gas turbine - centrifugal compressor 1 Unit	GE O&G - Nuovo Pignone	2000	Test procedure, supply and installation of instrumentation, performance test of turbocompressor
Sara (Martinique)	10	Combined cycle steam and gas 2 Units with recovery boiler	GE O&G - Nuovo Pignone	1999	Test procedure, supply and installation of instrumentation, performance test of power plant - noise level test
S. Donato Milanese	20	Cogeneration plant with gas turbines 2 Units with HRSG	GE O&G - Nuovo Pignone	1999	Test procedure, supply and installation of instrumentation, performance test of turbogenerators and recovery units - noise level test
Boffalora (Milano)	80	Combined cycle steam and gas 1 GT + 1 ST	General Electric	1998	Plant model, test procedure, supply and installation of instrumentation, performance test of combined cycle power plant - noise level test
Kidurong (Bintulu)	60	Gas turbine Generators 2 units	Turbotecnica	1997	Test procedure, supply and installation of instrumentation, performance test of turbogenerators - noise level test
Tan Tan (Morocco)	90	Gas turbine Generators 3 units	Turbotecnica	1996	Plant model, test procedure, supply and installation of instrumentation, performance test of power plant - noise level test
Porcari (Lucca)	100	Combined cycle steam and gas 1 GT + 1 ST	Turbotecnica	1996	Plant model, test procedure, supply and installation of instrumentation, performance test of combined cycle power plant - noise level test
Port Klang (Malaysia)	330	Gas turbine Generators 3 units	Turbotecnica	1995	Test procedure, supply and installation of instrumentation, performance test of turbogenerators - noise level test
Adnoc Abu Dhabi (EAU)	30	Gas turbine Generator 1 unit	Turbotecnica	1995	Test procedure, supply and installation of instrumentation, performance test of turbogenerator
Adrar (Algeria)	80	Gas turbine Generator 1 unit	Turbotecnica	1994	Test procedure, supply and installation of instrumentation, performance test of turbogenerator
Livorno	149	Combined cycle steam and gas - 1 GT + 1 ST	Turbotecnica	1993	Plant model, test procedure, supply and installation of instrumentation, performance test of combined cycle power plant - noise level test
Cremona	12	Combined cycle steam and gas - 1 GT + 1 ST	Turbotecnica	1992	Plant model, test procedure, supply and installation of instrumentation, performance test of combined cycle power plant - noise level test
